Premium Link is a jackpot system where EGT games from General, Power, Collection, Premier and older series like Vega Vision+ and Vega Vision can be linked together in order to participate in common mystery and symbol-driven progressive jackpots.

The Premium Link is based on Premium Progressive Controller (PPC) and Media Control Center (MCC) for visualization, and supports a mystery jackpot with up to 3 levels (Mini, Middle and Super), all of which are common for all games and denominations and fully customizable, including a setting for minimum bet requirement. The mystery jackpot values are accumulated on the grounds of stakes made on all machines participating in the jackpots and can be won randomly by each of them.

Premium Link supports symbol-driven jackpots, each with a maximum of 4 denominations and with its own independent settings. The accumulation is done on the grounds of stakes made during the games.

Gaming machines of other manufacturers also can be linked in order to participate in common mystery jackpots. For this purpose, each gaming machine has a special controller – Jackpot Interface Module (JIM). The collected jackpots are transferred to the gaming machines as Legacy bonuses via SAS Protocol.

Bell Link has 4 exciting levels, of which the Grand and Major are progressive and common for all games and bets. Minor and Mini jackpot bells are purple and blue and can be won multiple times during the Bell Link bonus; the Grand and Major levels can be attained that way too, as well as with any bet that brings a green bell or a trio of festive red bells that signal the win of the highest Grand.
